## FINANCE AND TRADE.

COMMERCIAL AFFAIRS showed no more activity, yesterday, than for some time past. Money is in plenty; banks would be glad of borrowers, but if borrowers go to them, few can get money. The explanation of the riddle is that no body has confidence in anybody. The best concern known may "squelch" to-morrow—who knows? Exchange is the only thing showing movement, and there is a struggle to get it. Rates are altering aimost from day to day. He who can command plenty of exchange is commander of the situation. The new point of attack this morning is New York; for important sums there were two banks ready to give 1 premi-um. Two banks are taking New Oreans at | discount. Other banks quoted New York at par, selling at 1 premium; Boston and other eastern points at par; New Orleans 1 discount; Boston sight exchange i discount. For gold the brokers are giving 111@1111. There is much discussion as to the prospects of the Memphis and Charleston railroad. It appears to be known that a great change is at hand; that the Southern Security, will retire, and a new competitor come into the field who will give Memphis a regular line to Norfolk, and so facilitate the foreign trade of the city. Very interesting particulars in this respect will probably be placed before the public in a short time. Of bonds and scrips the only thing we could hear of was a sale 500 State of Tennessee scrip at 98c. Memphis sixes, one-coupon... Nicolson Pavement scrip Shelby county scrip Charleston railroad stocks.

Comptroller's warrants... Arkansas State scrip...... THE COTTON MARKET Was quiet, many buyers standing entirely outside; but the tone was better, notwithstanding receipts continue heavy, because New York showed an unexpected degree of strength. It is said that the strength of New York is owing to having "discounted" a supply of 4,250,000 already, therefore is fully prepared for the pres-ent receipts. If this be so, and New York can stand 4,250,000 on quotation prices, cotton has nothing to fear. New York quoted 16 c in the morning, but in the evening 16c, official, while the unofficial quotation continued to be 16tc; futures were strong and better. New Orleans was firm, with a good demand at 16 c, sales 4800, receipts 7801, a tolerably heavy figure. Liverpool remained as on the previous day, 71@7id, with sales of 12,000 bales. In our market there was more inquiry and a more confident feeling than on the day before, the following prices on actual sales were reported to us: Stained cottons, 10@18c; inferior, 51@7c; ordinary, 9@ 10e; strict ordinary, 101@111e; good ordinary, 121e, 121e, 13e; strict good ordinary, 131e, 131e, 131e; low middling, 134 @14e; strict low middling, 14|c; middling, 15@15|c. The following are the official figures of the cotton exchange, which show no change from the quotations of yesterday:

ennessee new issue.

Good ordinary... Low middling... Middling... Strict middling The market was dull and irregular; sales, 1900 bales, af which spinners took 1100 and exporters 800 bales. At the United States ports the receipts for the past five days amounted to 73,245 bales; last week at the same time, 72,987; last year, 53,136 bales.

The elegant John B. Maude, with the

tain Basket, backs out at five o'clock for Helena and all way points. Mr. George Griffing is clerk. The G. W. Cheek, with Captain Geo. Malone on the roof, clears at five o'clock this afternoon for Napoleon and all the usual coast landings. Messrs. A. L. Cummins and Charles Sharpe are her clever and attentive secretaries.

Movements of Boats. The John B. Maude, from New Orleans, brought in 69 bales of cotton, 28 hogsheads of sugar, 51 barrels of molas ses and 250 packages of sundries. The John Kyle, from St. Louis, took 4000 sacks of corn and 300 bales of cotten below Cairo, and added here 185 bales of cotton, leaving at noon with 1800 tons for New Orleans. The Phil. Allin, from Friar's Point, brought in 92 bales of cotton and 235 sacks of cotton-seed. The Robert Mitchel, from the Ohio river, put off a lot of furniture and took on 300 bales of cotton, departing for New Or-leans well laden. The Arlington came in after dark from the Ohio river, with a ST. LOUIS, March 4.-Cotton quiet and un- good trip of miscellaneous freight. Local packets had fair trips out, considering the dull times. The R. W. Dugan was detained on account of some necessary repairs, but will leave for Arkansas river Friday evening. The James D. Parker had to lay over on account of repairs put on boilers, but will certainly leave this afternoon at five o'clock for Cincinnati.

News Brift. Private advices from New Orleans Inform us that the potato men there formed a combination to keep up the price of that much needed commodity, and one or two of the dealers, after going into the ring, sold out at a lower figure than that agreed upon, whereas some of them became so incensed as to want blood. It is stated that Judge Shelby sent Bill Hardwick a challenge, which Bill declined to accept on the grounds that the community could not afford to lose as good a man as Shelby on such small provocation. But Bill made a commission merchant take water and no doubt feels hunky-dory. Captain J. H. Barker sold out his load, and after putting on seventy-five dollars worth of new harness and securing a sugar cane walking-stick, spends his time promenading Canal street. Of course othing less than a pure Havana can decorate his organ of speech. E. H. Baker had just arrived from the willow shores of the river above there, while W. H. Baker, the potato king, was put-ting on lots of style..... The Pat Cleburne went up as far as the mouth of Wolf river yesterday, and turning around passed the city under full speed. The oluff was crowded with people who manifested their delight by much shouting and waving of handkerchiefs... The second clerk of the Parker is sweet on one of the Memphis apple girls..... The Robert Mitchell, while making a landing yesterday, shoved her stage plank into the White, breaking several stancheons and yawl-derricks. Thirtythree dollars settled the bill, which, by a little carefulness would never have been made......Prescott's dog Snider was run over and killed by a street-car yester-day.....The Joe Kinney has been withdrawn from the Anchor line, and a change of schedule made, by which the Vicksburg boats will a change of schedule made, make eleven-day trips instead of fourteen-day trips as heretofore. Under this change the City of Vicksburg will leave here Friday afternoon at five o'clock instead of eleven o'clock in the morning.....The towboat Alice Brown broke her shaft Monday night, one hundred miles above here, but succeeded in landing her large fleet of barges without injury. The Lioness will bring her tow to this point ..... By a telegram we learn that the Thompson Dean will lay over at Cincinnati two or three days for repairs to her machinery .....
